- 281. PLAYGROUND RENOVATIONS & CAR PARK EXTENSION PROJECT WORKING GROUP (PCP)**
Members considered the November 2020 PCP Report and discussed/agreed:
- 281.1. New Car Park Area:** noted that planning approval had been received to install 14 additional parking spaces. Trees: Mr T Dixon as a member of the PCP Project Team, gave a report relating to trees to be installed alongside the new car park area to comply with a condition of planning approval. Following discussion, it was agreed to allocate a budget of £500 towards trees and planting.
- 281.2. Play Equipment:** noted that following research carried out with residents the proposed equipment/layout submitted by KOMPAN was the preferred option. Tenders would now be sought for the installation of the equipment, which also includes dismantling and removal of the existing equipment and making good the area.
**ACTION: CLERK/
CLLR RICHARDSON**
- 281.3. Financial elements of the project: funding and PWLB:** Members discussed at some length if both elements of the PCP Project (i.e. installation of a new play area and car park extension/works to Cherry Blossom Lane [CBL]) could be progressed simultaneously and one PWLB loan applied for. It was agreed to progress with the new play area element of the project as this is further forward than the car park/CBL (and the prices for the play equipment may rise in the New Year) and to therefore apply for a smaller PWLB loan to supplement the monies set aside/grants received for the new play area element. This is subject to clarification from EALC re number of PWLB loans that can be applied for, as a further PWLB loan would be required for the car park extension/CBL works element of the project.

RESOLVED: to seek the approval of the Secretary of State for Housing, Communities and Local Government to apply for a PWLB loan of up to £40,000 over a borrowing term of 25 years for the installation of a new play area. It is not intended to increase the council tax precept for the purpose of the loan repayments.

It was noted that the annual loan repayments for a loan of £40,000 over 25 years will come to around £1,890. It was acknowledged that evidence of consultation with the residents re a PWLB loan would be required as part of the application.

**ACTION: CLERK/
CLLR RICHARDSON**

281.4. Carpark extension and works to Cherry Blossom Lane: it was agreed that these works would be put out for quotes as one job. As there is not a full tight specification for the road works, it was agreed that contractors would be invited to quote based on the report produced by the PCP Project Team.
